BUG 6 – User is not able to preview or modify personal data

Repro steps:

1. Open a Browser
2. Navigate to Store application by pasting following URL into address bar:
https://www.demoblaze.com/index.html
3. Click on "Sign in" option from navigation bar
4. Enter username into "Username" field
5. Enter password into "Password" field
6. Click on "Sign in" button
7. Click on "Welcome {User}" option from navigation bar

Expected: User is able to preview and modify personal data
Issue (Actual): There is no way for user to preview and modify data. There is no option to change password. "Welcome {User}" option on nav-bar looks like link, but it is useless.
